

## 2025 Dose Medication Dispenser and QMedic PERS MSHO Eligibility

In 2025, MSHO members who are on a Home and Community Based Services (HCBS) waiver are not eligible to receive the Dose medication dispenser or QMedic PERS **under the MSHO benefit**.

The **ONLY** exception is SecureBlue MSHO members who had the device **under MSHO in 2024 AND who continue to be at their waiver budget cap**. If a member had a device under MSHO in 2024 and now has money in their waiver budget, the device should be moved to waiver funding.

Any **NEW** referrals for the Dose Medication Dispenser or QMedic PERS to be paid under MSHO must not include members who are on a waiver.
